

## UNIX series filters with bayonet connection

### PURPOSE AND CONDITIONS OF USE

UNIX series filters with bayonet connection are designed to clean the inhaled air from harmful vaporous and gaseous substances and particles as part of full face masks and half-masks of UNIX series. Filters are applied when the volume content of oxygen in the air is not less than 17%.

### AVAILABLE RANGE:

1. Gas filters of UNIX 500 series protect from one or more harmful substances.
2. Particle filters UNIX 203 P3 D.
3. Particle filters UNIX 213 P3 protect against particles and harmful gases and vapors up to 1 PEL.
4. Particle filters UNIX 223 P3 protect against particles and harmful gases and vapors up to 1 PEL.
5. Particle filters UNIX 303 P3 D filter of the closed type, designed for operation in conditions of high humidity.
6. Particle prefilters UNIX P1, P2, P3 together with gas filters of UNIX 500 series provide combined protection. Join them with a retainer.

### CERTIFICATES

Filters of UNIX 500 series, UNIX 203 P3 D, UNIX 303 P3 D filters comply with the basic safety requirements in accordance with Regulation 2016/425 (Annex II) and are CE marked.

Filters UNIX 213 P3 D correspond to the essential safety requirements in accordance with the Regulation 2016/425 and are CE marked.

Compliance with regulations:

1. gas filters of UNIX 500 series : EN14387:2004+A1:2008.
2. particle filters UNIX 203 P3 D, UNIX 213 P3 D, UNIX 223 P3 D, UNIX 303 P3 D, prefilters UNIX P1, P2, P3: EN143:2000 /A1:2006.

## OPERATIONAL LIMITATIONS

1. UNIX series filters can only be used with panoramic masks and UNIX series isolating half masks.
2. It is forbidden to use filters in conditions of possible lack of oxygen in the air (for example, in tanks, wells and other isolated areas of this type).
3. Do not use filters that have expired.
4. Do not keep the filter close to heating systems and heating appliances.

## REPLACEMENT OF FILTERS

- **Gas filters**  
replace if you feel the smell of harmful substances in the inner mask space;
- **Particle filters**  
replace if you feel sharp difficulty of breathing.

## GUARANTEED SHELF LIFE

- Gas filters of UNIX 500 series – 5.5 years
- Particle filters UNIX 203 P3 D - 3.5 years
- Particle filters UNIX P1, P2, P3, UNIX 213 P3 D, UNIX 223 P3 D, UNIX 303 P3 D – 5.5 years
